PROFESSIONAL EXPERIENCE

Health Policy Analyst,
Center for Health Policy
Indiana University Richard M. Fairbanks School of Public Health
Indianapolis, IN

February 2023– present

- Consults and works with faculty, staff, and/or student researchers in conducting quantitative and qualitative research focused on public health and healthcare.
- Consults on research design and performs statistical analysis; interprets data and makes standard recommendations for clients.
- Conducts various project research and manages aspects of project execution (may include design, methodology, data collection, analysis and report preparation).
- Provides day-to-day general project management such as communicating project updates to staff and stakeholders and developing any necessary documentation.
- Participates in authoring policy-relevant publications and documents with staff and/or faculty; helps develop theories and empirical applications publishable in external journals, as appropriate.
- Acts as point of contact for clients (client management) for policy research; identifies new clients and cultivates relationships with potential funders through business development plan(s) and responses to RFP (requests for proposals); develops new project ideas, presents concept proposals to clients/potential clients and develops scope of work to address problems and help facilitate understanding and/or proposed changes.
- Drafts and disseminates research study output (such as progress reports, professional presentations, posters, abstracts, technical reports, journal articles, and/or funding proposals).

Academic Advisor
Indiana University School of Social Work, MSW Direct
Indianapolis, IN

April 2019–February 2023

- Responsible for providing academic advising for 600 incoming and registered graduate level students using telephone, online, and in-person communications regarding admissions and academic requirements each academic semester
- Created and maintained orientation (via Canvas Learning Management) for on-boarding more than 500 incoming students
- Reviewed student files for coursework, transcripts, completeness, and initial academic plan as they enter and begin the regular and advanced standing online graduate programs
- Conducted online orientation, served on committees, and represented Indiana University and the Indiana University School of Social Work online graduate program
- Guided student in planning and refining a personalized course of study based on their academic and career objectives
- Directed students to appropriate campus resources (i.e., career services, tutoring, other academic support services)

Behavioral Health Care Manager
Anthem, Inc. (Government Business Division, Indiana Medicaid)
Indianapolis, IN

September 2018 – April 2019

- Responsible for assuring high quality, cost efficient medical outcomes for Medicaid enrollees identified as having a need for inpatient and outpatient behavioral health and/or substance use treatment
- Used appropriate screening criteria and clinical judgment to assess patient needs and ensure access to medically necessary behavioral healthcare in accordance with Utilization Management clinical guidelines and contracts
- Perform psychiatric and substance abuse assessment coordination, implementing case planning monitoring and evaluation to promote quality patient outcomes for Indiana Medicaid members
- Established effective rapport with support staff, consumers, clinicians and physicians
- Maintained accurate and confidential records of all communications and interventions

Clinical Research Specialist
Indiana University School of Nursing
 Indianapolis, IN

March 2016 – September 2018

- Conducted qualitative interviews with Indiana nursing home residents and their healthcare surrogates to determine how well existing Advance Care Planning forms match their current treatment preferences and how well they are understood for a major five-year NIH funded, \$2.2 million grant and comparison research study (IR01NR015255-01A1)
- Counseled patients and families on values-based, informed decision-making for end-of-life treatment preferences
- Collaborated with nursing home corporate personnel, administration and floor staff to conduct research in SNF's across the state
- Brought forth clinical knowledge to ensure culturally competent and strengths-based approaches to data collection with human subjects
- Provided intellectual input and contributed to problem solving/planning in regard to issues that impact the timely and accurate conduct of research
- Collaborated with principle investigator, co-investigators and project manager to conceptualize and develop data collection tools
- Performed back-end data management and analysis

Social Worker, Residential, Employment, and Substance Abuse Treatment (REST) Program
HVAF of Indiana, Inc.

May 2013- March 201

Indianapolis, IN

- Provided case management, crisis intervention and clinical treatment planning for 22-bed, residential substance abuse treatment program for homeless veterans in downtown Indianapolis
- Responsible for all intakes and discharges
- Conducted cognitive-behavioral symptom management and relapse prevention groups on a daily basis
- Monitored symptoms of those with mental illness prescribed psychiatric medications
- Provided on-going addiction and mental health therapy utilizing evidence-based approaches
- Provided supervision as a Task Instructor for MSW and BSW students

Assistant Manager
Marsh Supermarkets

June 2011-May 2012

Zionsville, Indiana

- Managed the food service departments daily as supervisor
- Responsible for weekly ordering, billing and invoices
- Ensured food safety and OSHA-compliant practices for all employees under my supervision
