

Tips from Your Librarian

How to Find Research

- Do not purchase articles or books! The library will provide these for you.
- Find resources at the Public Health Research Guide in Canvas or here:
<https://iupui.libguides.com/publichealth>
- Need books? Use IUCAT:
<https://iucat.iu.edu/catalog>
- Does the library not have an article or book? Order it (for free!) through Interlibrary Loan:
<http://ulib.iupui.edu/services/ILL>
- Stay organized. Use citation management software:
<https://iupui.libguides.com/publichealth/citingtools>

Two Ways to Access Resources Off-Campus

- Use database links on the public health research guide, and then sign-in using your IUPUI username and passphrase.
- Download the VPN software (Pulse Secure):
<https://iuware.iu.edu>.

Need help? Ask a librarian.
